Forecast for Monday 14 Dec 2020

Weather: Showers throughout the day some of these will be quite heavy with the risk of hail and thunder. A few brighter spells or even sunny intervals but at times the showers will group together to give longer spells of rain. Gales on the tops of the dales and some very strong gusts as showers move through the area.

Chance of cloud free mountain/hill tops above 600m: 40% chance, quite a lot of cloud around the hill tops during showers, cloud will fall to 400m in showers, more chance of clear tops in the afternoon.

Visibility: Visibility will be good out with showers but will fall moderate or poor in heavier showers.
